

K-LOVE is the only radio station I listen to. It provides up-lifting and motivational music for myself and other listeners. I feel that San Antonio would lose a great deal if the station were replaced by an LPFM station. Without alternatives to the normal types of secular radio stations, I feel that our community would have no place to turn for motivational music with God-inspired messages. The service which K-LOVE provides is not currently found anywhere else in our community. It would be a tragic loss to us should we lose such a wonderful source of inspiration. When listening to the annual fund raising on K-LOVE, I know the rest of our community feels the same as we are usually funded early. Please do not displace K-LOVE with an LPFM station.

Thank you for taking the time to read and consider my statement.
